**Master Builder  
Series**

## Parts overview:

## Hearth

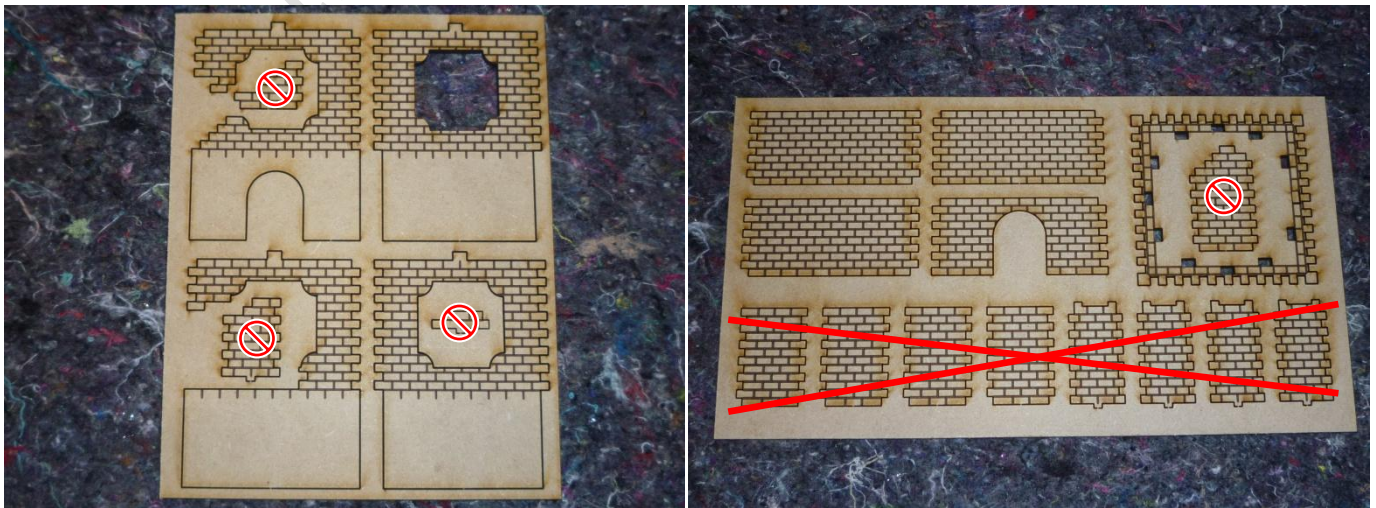

Glue roof into two long walls. Then add two short walls.

## Chimney

Levels count from bottom (1) to top (6)!

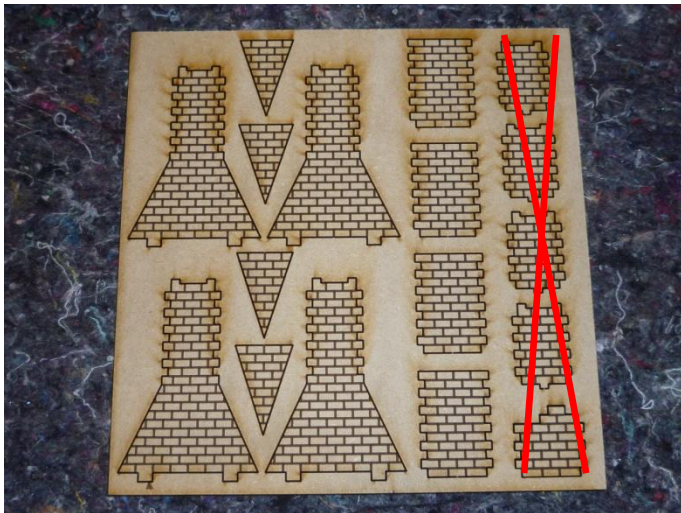

### Level 1:

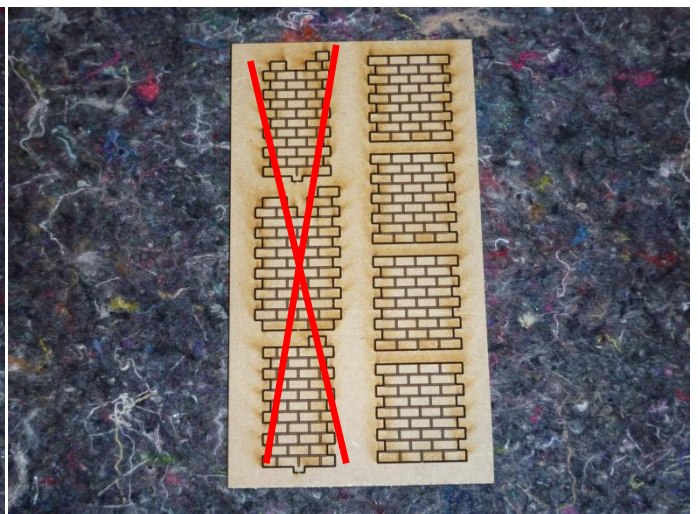

Glue four big wall pieces together. Top with crenellation square. Glue four wall inserts inside. Add four base walls on outside.

### Level 2:

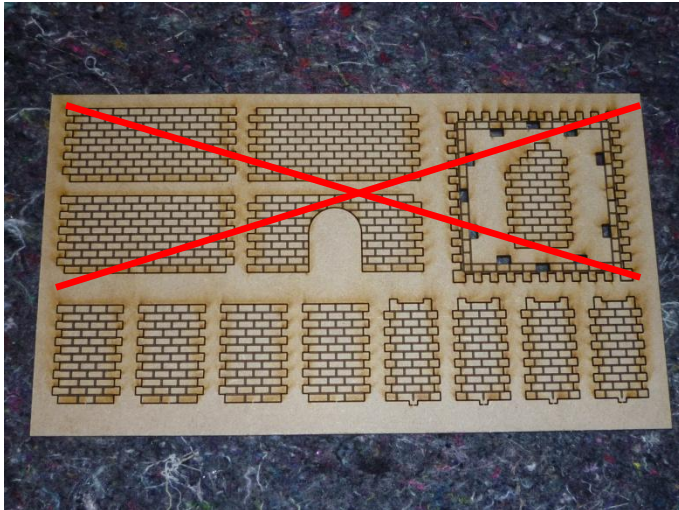

Glue four big triangular pieces onto Level 1. Add four rectangular wall pieces – they should just “snap” into position. Top with hexagonal ring. Glue 4 small triangular pieces in place **from inside!**

### Level 3:

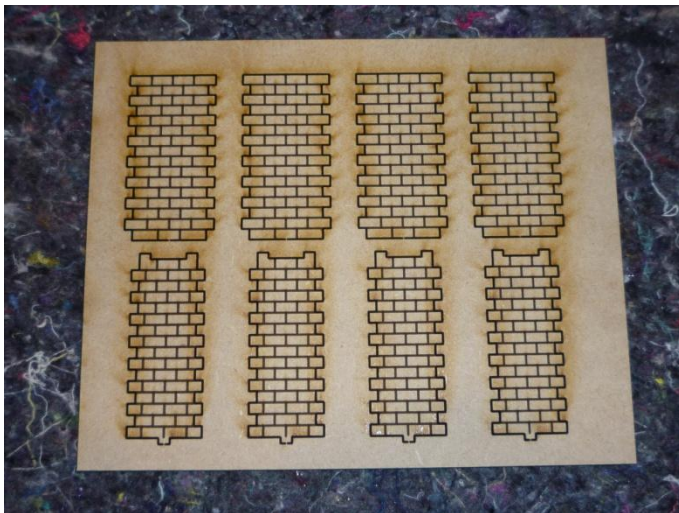

Glue four pieces on Level 2. Top with hexagonal ring. Glue four remaining pieces in place.

#### Level 4:

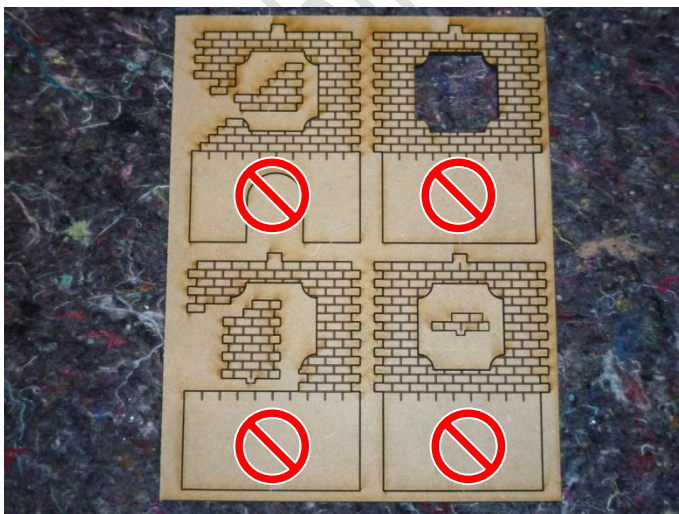

Glue four pieces on Level 3. Top with hexagonal ring. Glue four remaining pieces in place.

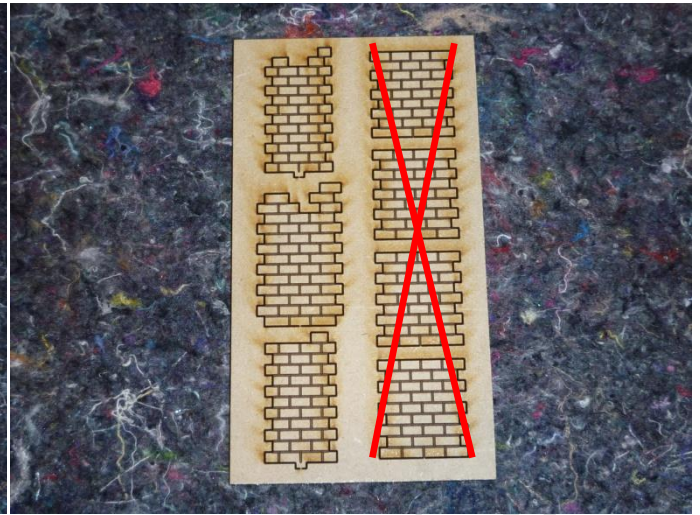

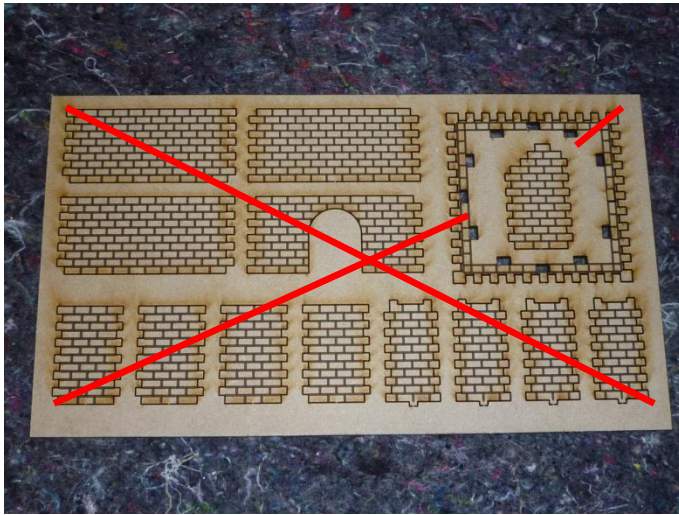

#### Level 5:

Glue four pieces on Level 4. Top with hexagonal ring. Glue four remaining pieces in place.

#### Level 6:

Glue four pieces on Level 5. Glue four remaining pieces in place. Refer to images of finished chimney for correct placement.
